

Application Form

What is this Application for?

This application form is for customers to bring a claim against a water and/or sewerage company

The application form will ask you for the details needed to understand what you would like the company to do and decide your dispute

What do I need to do?

- Read the [Process and Compensation Guidance](#) fact sheets. If you are unsure of how to answer a question please contact WATRS for guidance
- Fill in the application form giving as much information as you can. If you are claiming for things that have been lost or damaged remember to include any receipts you have
- It may take you some time to go through the application form and get all your facts together but having all the information will help WATRS assess your case fairly.

You must have already complained to the company and have a WATRS Notification Letter or Option Letter from CCWater. This is important as you cannot make an application to WATRS without this

Please let us know if you have any practical needs where we could help – for example with information in another format (e.g. larger print, Braille etc) or in another language. If you require assistance in completing this form please contact WATRS:
