

Amazon Platform to Business Mediation Scheme

Application Form

What is this Application for?

- This application form is for a business user ("the User") to submit a complaint against Amazon Services Europe SARL or a company affiliated with Amazon Services Europe SARL ("Amazon") by way of a voluntary, non-binding adjudication process (Mediation).
- The Scheme provides an informal and independent way of mediating disputes.
- The User may apply if they have not been able to resolve the complaint directly with Amazon.
- The application form will ask you for the details needed to understand what your dispute is about and what you would like Amazon to do to resolve it.
- Any recommendation(s) made by the Mediator in their decision will be non-binding. The implementation of any recommendation(s) made by the Mediator will be at the sole discretion of Amazon.

What do I need to do?

- Please read the Scheme Rules carefully before you fill in and return this form.
- You MUST complete and submit this application form to CEDR within 30 calendar days of receiving an access code from Amazon in which you are invited to use the Scheme. Your application will be rejected if it is submitted after this timescale.
- This process is conducted entirely in writing.
- Fill in the application form as thoroughly as you can, and supply all evidence that you wish to rely on. This may take you some time, but it will help the Mediator to assess your dispute fairly.
- If you wish, you can provide further information and/or evidence within 3 calendar days of submitting this form. <u>Under</u> <u>NO circumstances can further information</u> <u>be submitted at a later stage.</u>

Before you can make an application, you must:

- This dispute has been referred to Amazon's complaints process and has exhausted that process.
- The User has received an access code from Amazon confirming that Amazon consents to this application being made to the Scheme.
- This application form must correctly detail the access code that the User was provided with by Amazon, the date on which that access code was provided, the precise issues that are in dispute, and the recommendation(s) that the User is requesting the Mediator to make.
- The application must be submitted to CEDR no later than 30 calendar days after the User received the access code.
- The User must read and understand the Scheme Rules.
- Ensure you have understood the mediation process fully.
